Aluminum Extrusions from the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Rescission, in Part, 2010/12

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (“the Department”) is conducting an administrative review of the antidumping duty order on aluminum extrusions from the People’s Republic of China (“PRC”). The period of review (“POR”) is November 12, 2010, through April 30, 2012. These final results cover 62 companies for which an administrative review was initiated,¹ and for which this administrative review was not rescinded in the *Preliminary Results*.² For these final results, the Department examined two mandatory respondents which include three companies for which this review was initiated. The first mandatory respondent is Kromet International, Inc. (“Kromet”) for which the Department finds for these final results did not make sales of subject merchandise at less than normal value. The second mandatory respondent the Department has continued to find is a single entity, collectively Zhongya/Guang Ya Group/Xinya, comprised of Zhaoqing New Zhongya Aluminum Co., Ltd a.k.a. Guangdong Zhongya Aluminum Company Limited (“Zhongya”); Guangya Aluminum Industrial Co., Ltd. (“Guang Ya”), Foshan

¹ See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part, 77 FR 40565 (July 10, 2012) (“*Initiation Notice*”). In the Initiation Notice, 67 companies are listed. However, there were entries for Taishan City Kam Kiu Aluminum Extrusion Co., Ltd. and Taishan City Kam Kiu Aluminium Extrusion Co., Ltd. which appear to be the same entity, with the result that the Department considers the *Initiation Notice* to cover 66 companies.

² See Aluminum Extrusions From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Rescission, in Part, 2010/12, 78 FR 34986 (June 11, 2013) (“*Preliminary Results*”) (where the Department rescinded this administrative review for four companies: Alnan Aluminium Co., Ltd., Changshu Changsheng Aluminum Products Co., Ltd., Pingguo Asia Aluminum Co., Ltd., and Taishan City Kam Kiu Aluminum Extrusion Co., Ltd.).

Guangcheng Aluminum Co., Ltd. (“Guangcheng”)³ (collectively “Guang Ya Group”); and Foshan Nanhai Xinya Aluminum & Stainless Steel Products Co., Ltd. (“Xinya”).⁴ The Department finds for these final results that the Zhongya/Guang Ya Group/Xinya entity failed to demonstrate that it was eligible for a separate rate and thus it is part of the PRC-wide entity. Furthermore, the Department finds that ten (including Kromet) of the other companies under review have established their eligibility for a separate rate. The Department finds that the remaining companies under review either failed to establish their eligibility for a separate rate or were not responsive, and, therefore, these companies are part of the PRC-wide entity.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum, which is dated concurrently with, and hereby adopted by, this notice.¹⁵ A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and it is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://www.trade.gov/enforcement/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Changes Since the *Preliminary Results*

Based on an analysis of the comments received from interested parties and a review of the record, the Department has made the following changes for these final results of review:

- We are correcting the weighted-average dumping margin for the PRC-wide entity. The *Preliminary Results* misstated this rate as 32.79 percent. The correct weighted-average dumping margin applicable to the PRC-wide entity is 33.28 percent, and was noted in the decision memorandum for the *Preliminary Results*.¹⁶
- We excluded from the margin calculation a small portion of sales which Kromet initially reported as its own, but which were actually sold by its PRC supplier.¹⁷

¹⁵ See Issues and Decision Memorandum.

¹⁶ See "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Aluminum Extrusions from the People's Republic of China, 2010/ 12," dated June 3, 2013, ("PDM") at page 15.

¹⁷ See Comment 2 of the accompanying Issues and Decision Memorandum.

- We included an additional portion of sales that, based on the commercial invoicing date, occurred within the POR.¹⁸
- We changed the export subsidy adjustment applied to Kromet's weighted-average dumping margin to account for the final subsidy rates determined in the companion countervailing duty investigation.¹⁹
- We determined that five additional separate rate applicants have demonstrated eligibility for a separate rate in this administrative review.²⁰
- We made an adjustment under section 777A(f) of the Tariff Act of 1930, as amended ("the Act") to the antidumping duty rate assigned to separate rate respondents in the final results.²¹

Companies Eligible for a Separate Rate

In our *Preliminary Results*, we determined that four companies are eligible for a separate rate: GMID; Shenzhen Jiuyuan Co., Ltd. (a.k.a. Jiuyuan Co., Ltd. or Shenzhen Jiuyuan Import and Export Co., Ltd.) ("Jiuyuan"); Sincere Profit Limited ("Sincere Profit"); and Skyline.²² We have received no information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that these four companies are eligible for a separate rate.

Subsequent to the *Preliminary Results*, we received information that provides a basis for finding five additional companies eligible for a separate rate. These companies are Changzhou Tenglong Auto Parts Co., Ltd.; Dynamic Technologies China Ltd.; Xin Wei Aluminum Company Limited; Zhejiang Xinlong Industry Co., Ltd.; and ZGM.²³

Rate for Non-Examined Companies Which Are Eligible for a Separate Rate

The Department has assigned to non-examined, separate rate companies the weighted-average dumping margin assigned to non-examined, separate rate companies in the final determination of the antidumping investigation. Neither the Act nor the Department's regulations address the establishment of the rate applied to individual companies not selected for examination where the Department limited its examination in an administrative review pursuant to section 777A(c)(2) of the Act. The Department's practice in cases involving limited selection based on exporters accounting for the largest volumes of trade has been to look to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others rate in an investigation. Section 735(c)(5)(A) of the Act instructs the Department to avoid calculating an all-others rate using any rates that are zero, *de minimis*, or based entirely on facts available in investigations. Section 735(c)(5)(B) of the Act provides that, where all rates are zero, *de minimis*, or based entirely on facts available, the Department may use "any reasonable method" for assigning a rate to non-examined respondents.

We determine that the application of the rate from the investigation to the non-examined separate rate respondents is consistent with precedent and the most appropriate method to determine the separate rate in the instant review. Pursuant to this method, we are assigning the rate of 32.79 percent, the most recent rate (from the less than fair value investigation) calculated for the non-examined separate rate respondents, to the non-examined separate rate respondents in the instant review.

Adjustment Under Section 777A(f) of the Act

Pursuant to section 777A(f) of the Act, the Department has made an adjustment for countervailable domestic subsidies which have been found to have impacted the U.S. prices. For

the non-examined companies which are eligible for a separate rate, as noted above, their weighted-average dumping margin is based on the weighted-average dumping margin for non-examined, separate rate companies in the antidumping investigation. This rate was based on the average petition rates, which were based on prices for sales of subject merchandise to the United States. In the companion countervailing duty investigation, the Department did not individually examine the PRC exporter(s) underlying the prices and, therefore, they would be part of the all-other exporters in the amended final determination for the CVD investigation. Accordingly, the adjustment to account for domestic subsidies is based on the countervailing duties found for all-other exporters. The amount of these countervailing duties which are passed through to the U.S. prices is found to be the rate determined for Kromet in these final results, which is based on data from Bloomberg.²⁴ For Kromet, no such adjustment is necessary because Kromet's weighted-average dumping margin is zero.

Pursuant to section 772(c)(1)(C) of the Act, the Department has also made an adjustment for countervailable export subsidies. For Kromet, an adjustment has been made to its U.S. price as reported in its U.S. sales database.²⁵ For the companies eligible for a separate rate, an adjustment has been made based on the countervailable export subsidy found for all-other exporters in the amended final determination for the countervailing duty investigation.²⁶

PRC-Wide Entity

In the *Preliminary Results*, the Department determined that the mandatory respondent Zhongya/Guang Ya Group/Xinya was not eligible for a separate rate, and, accordingly, was found to be part of the PRC-wide entity. The Department has received no information since the

²⁴ See PDM at Attachment 2.

²⁵ See Final Analysis Memorandum.

²⁶ See CVD Amended Final.

issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that Zhongya/Guang Ya Group/Xinya is not eligible for a separate rate and is part of the PRC-wide entity.

In the *Preliminary Results*, the Department also found the following 25 companies to be part of the PRC-wide entity: Foshan City Nanhai Hongjia Aluminum Alloy Co., Ltd.; Foshan Shunde Aoneng Electrical Appliances Co., Ltd.; Guangdong Nanhai Foodstuffs Imp. & Exp. Co., Ltd.; Isource Asia Limited and affiliates; Kunshan Giant Light Metal Technology Co., Ltd.; Midea Air-Conditioning Equipment Co., Ltd.; Nidec Sankyo Singapore Pte. Ltd.; Nidec Sankyo (Zhejiang) Corporation; Ningbo Coaster International Co., Ltd.; Shanghai Dongsheng Metal; Shanghai Shen Hang Imp. & Exp. Co., Ltd.; Sihui Shi Guo Yao Aluminum Co., Ltd.; Suzhou JRP Import & Export Co. Ltd.; Tianjin Gangly Nonferrous Metal Materials Co., Ltd.; Activa International Incorporated; Changzhou Changfa Power Machinery Co., Ltd.; Foshan Yong Li Jian Alu. Ltd. Guangzhou Mingcan Die-Casting Hardware Products Co., Ltd.; Jiaxing Taixin Metal Products Co., Ltd.; Metaltek Metal Industry Ltd.; Zhejuang Zhengte Group Co., Ltd.; Clear Sky Inc.; Zhuhai Runxingtai Electrical Equipment Co., Ltd.; Shandong Huasheng Pesticide Machinery Co.; and North China Aluminum Co., Ltd. The Department has received no information since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that these 25 companies are not eligible for a separate rate and are part of the PRC-wide entity.

In the *Preliminary Results*, the Department identified 29 companies²⁷ for which it was seeking additional information regarding each company's eligibility for a separate rate. As noted

²⁷ In the *Preliminary Results*, the Department considered Xin Wei Aluminum Company Limited, Guang Dong Xin Wei Aluminum Products Co., Ltd., and Xin Wei Aluminum Co. Ltd. as one company where as they are three separate entities. For these final results, these three separate entities have been considered individually. As a result,

above, four of these companies provided additional information to substantiate their eligibility for a separate rate. One company, Allied Maker Limited, had submitted a Q&V response as well as a SRA but was never under review; therefore, the Department is not considering this company as part of these final results. For the remaining 24 companies, each did not provide the requested information to substantiate a suspended AD/CVD entry for eligibility for a separate rate, and, therefore, for these final results, are found to be part of the PRC-wide entity. These companies are Acro Import and Export Corp.; Changzhou Changzheng Evaporator Co., Ltd.; Dongguan Aoda Aluminum Co., Ltd.; Dongguan Golden Tiger Hardware Industrial Co., Ltd.; Global PMX (Dongguan) Co., Ltd.; Gree Electric Appliances, Inc. of Zhuhai; Guangdong Whirlpool Electrical Appliances Co., Ltd.; Hangzhou Xingyi Metal Products Co., Ltd.; Hanyung Alcobis Co., Ltd.; Henan New Kelong Electrical Appliances Co., Ltd.; IDEX Dinglee Technology (Tianjin) Co., Ltd.; Jiangsu Changfa Refrigeration Co., Ltd.; Jiaxing Jackson Travel Products Co., Ltd.; Justhere Co., Ltd.; Metaltek Group Co., Ltd.; Midea International Trading Co., Ltd.; Shanghai Tongtai Precise Aluminum Alloy Manufacturing Co., Ltd.; Shenzhen Hudson Technology Development Co., Ltd.; Suzhou New Hongji Precision Part Co., Ltd.; Taizhou Lifeng Manufacturing Corp.; Tianjin Jinmao Import & Export Corp., Ltd.; Union Industry (Asia) Co., Limited; Guang Dong Xin Wei Aluminum Products Co., Ltd.; and Xin Wei Aluminum Co., Ltd.

One other company for which a review was initiated has submitted neither a Q&V response nor a separate rate application and is considered part of the PRC-wide entity. This company is Zhaoqing Asia Aluminum Factory.

the 27 companies referenced in footnote 8 of the *Preliminary Results* encompass 29 companies for which a review was initiated.

Rate for the PRC-Wide Entity

For the PRC-wide entity, the Department in the *Preliminary Results* assigned the rate of 33.28²⁸ percent, the only rate ever determined for the PRC-wide entity in this proceeding.

Because this rate is the same as the rate for the PRC-wide entity from previously completed segments in this proceeding and nothing on the record of the instant review calls into question the reliability of the this rate, we find it appropriate to continue to apply the rate of 33.28 percent to the PRC-wide entity.

Final Results of Review

As a result of this review, we determine that the following weighted-average dumping margins exist for the period November 12, 2010, through April 30, 2012:

Exporter	Weighted-Average Dumping Margin
Kromet International, Inc.	0.00%
Sincere Profit Limited	32.79%
Skyline Exhibit Systems (Shanghai) Co., Ltd.	32.79%
Gold Mountain International Development Limited	32.79%
Shenzhen Jiuyuan Co., Ltd.	32.79%
Dynamic Technologies China Ltd.	32.79%
Zhejiang Xinlong Industry Co., Ltd.	32.79%
Changzhou Tenglong Auto Parts Co., Ltd.	32.79%
Xin Wei Aluminum Company Limited	32.79%
Zhongshan Gold Mountain Aluminum Factory Ltd.	32.79%
PRC-wide Entity	33.28%

²⁸ The PRC-wide Entity cash deposit rate was misstated in the *Preliminary Results* as 32.79 percent. The correct cash deposit rate applicable to the PRC-wide Entity for these final results is 33.28 percent. See the PDM at page 15.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b).²⁹ The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

For Kromet, we will instruct CBP to liquidate all appropriate entries without regard to antidumping duties because Kromet's weighted-average dumping margin is zero percent. For the nine non-examined, separate rate companies, we will instruct CBP to liquidate all appropriate entries at a rate based on 32.79 percent and adjusted for both export and domestic subsidies as described above. For the PRC-wide entity, we will instruct CBP to liquidate all appropriate entries at a rate equal to 33.28 percent.

The Department recently announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will

²⁹ See Antidumping Proceeding: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification, 77 FR 8103 (February 14, 2012).

be liquidated at the NME-wide rate. For a full discussion of this practice, *see NME Antidumping Proceedings, supra*.
